Athens, March 19, 2026

TEXAN: Green Company of the Year!

*TEXAN S.A. once again stood out at the Green Brand Awards 2026, winning 6 awards
and being named "Green Company of the Year!"*

TEXAN S.A., the leading Greek recycling company that manufactures, installs and operates the cutting-edge technology Multi-purpose Recycling Centers, was awarded with a total of **6 awards at the Green Brand Awards 2026**. Specifically, it received the top distinction of **"Green Company of the Year,"** along with five additional awards (four Gold and one Silver), confirming its leading role in the development of innovative recycling solutions & promoting the circular economy.

The Green Brand Awards is an important institution that highlights best practices in sustainable development and responsible entrepreneurship, connecting the scientific community, the market and society. Initiatives that combine economic growth with environmental responsibility are recognized and rewarded under this institution.

Awards by category in detail:

- **Green Company of the Year:** Top Distinction
- **Gold – Green Partnerships / Collaborations:** For the educational recycling competitions in collaboration with the local Government bodies (Regional Association of Attica Municipalities (P.E.D.A.), FODSA (Solid Waste Management Body) of the Peloponnese, Unified Waste Management Association of Crete, Municipality of Chalkida).
- **Gold – Green Leadership / Trailblazer Award:** For its overall contribution to promoting recycling and the circular economy as a driving force for the economy.
- **Gold – Green Education, Training & Awareness:** For the 1st Worldwide Mobile Center For Environmental Education & Recycling.
- **Silver – Green Business Project:** For the World's First Mobile Multi-purpose Energy-Autonomous PV Recycling Center.

Mr. Apostolos Mourgos, President of TEXAN SA, in his statement, stated the following:

*"The recognition of TEXAN as a **Green Company of the Year**, along with the 5 awards (4 gold & 1 silver) received in 5 categories, is a special honor for the company.*

These awards reflect the wide range of initiatives developed by TEXAN: Its initiatives span from educating students and raising public awareness to developing innovative recycling solutions, promoting the circular economy, and implementing corporate social responsibility actions that strengthen social impact and collaboration with local authorities.

For us, recycling is a collective effort that combines technology, education and active participation. These distinctions constitute an important recognition for TEXAN, but also a great responsibility, strengthening our commitment to continue investing in circular economy and recycling actions for a more sustainable future.”

The **Green Brand Awards 2026** were held under the auspices of the **Association of Environmental Science Graduates in Greece**. The award ceremony was held on Thursday, March 12, 2026, at Sofitel Athens Airport and was organized by BOUSSIAS events.

About TEXAN Environmental Management

“TEXAN S.A. is the leader in the construction and operation of high-tech automatic multi-purpose recycling machines. In cooperation with the American Group Envipco, TEXAN Group has created since 2019 the 1st production plant of rewarding recycling machines beyond the USA borders in Greece. TEXAN is developing significant social action and implementing a unique and innovative Integrated Corporate Social Responsibility Program, donating €1,000,000 to support important initiatives for the environment, education, health, and the local community. Alongside the Major Educational Recycling Competitions, the company is shaping environmental awareness in the new generation.”
